WORK EXPERIENCE:

1. Diyar United Company, Hyderabad (UI Developer - Dec 2021 to Present)

- Designed and developed an inhouse application to store the data of onsite travel details in an online portal.
- Collaborated with 3 developers and built clients tender web applications via Oracle Apex, HTML5, CSS3, JavaScript and Bootstrap framework.
- Designed a prototype design of a web portal for insurance registration using AdobeXD.
- In this role my responsibility is to design a prototype using AdobeXD and then develop it into responsive design using HTML,CSS, & Bootstrap.

2. vSplash Techlabs Pvt. Ltd, Hyderabad (Team Lead - June 2021 to Dec 2021)

- Managed 5-Client Projects for four different regions like Australia, France, Italy, and Germany.
- Coordinated a team of 6-members of designers and QA.
- On a daily basis my role is to assign the task to the team members, review the designs, raise Jira tickets for project queries and make sure that it delivers on time before the SLA.
- Provided guidance and assistance to the team members on weekly calls to improve their day to day performance.
- Participated in client meetings with managers to interact with clients and handle feedback on work.
- Simultaneously, I am responsible to manage client projects from the initial stage and directly report to the Project manager with daily delivery reports.

(Web Designer & Integrator - May 2017 to May 2021)

- Converting photoshop documents to static web pages using HTML, CSS, and Bootstrap.
- Using website builders like Duda, Mono, and Wix to create the websites using client briefs.
- Converting the designed mockups into working web applications using the web editors.
- Implementing additional changes and adding new pages on the existing website based on the client revision requests.
- Developed landing page, single page, and multiple page websites following the client briefs and design instructions.
- Checking the website in cross-browsers to identify the issues and fix website problems like spacing, typographical errors, and formatting issues.

PERSONAL STRENGTHS:

- Ability to take initiative and play well in a team.
- Deadline-focused, detail-oriented, well-organized, and self-motivated.

LANGUAGES KNOWN:
